**I have often received requests to create a book from many of the articles presented here on this  
site over a number of years.**

**The above photo is of my just published book in an effort to do this.**

**Paperback - Format is 8 1/2 x 11 inches - Large Print**

**My desire was to create a book that can be left out for eye catching access and is an easy read in  
most any lighting. I also wanted something that can be picked up, thumbed through and offers a  
quick read on a variety of articles for casual reading and sharing. Books like this are sometimes  
referred to as "Coffee Table Books".**

## **Stop Pulling the Wagon**

Are You Tired Of Government Lies, Hypocrisy and Corruption?

---

**I also had a goal of keeping the cost down to make it affordable for gift sharing. At \$9.95 offered on Amazon/Amazon Prime, It is an attractive large size that should be well suited for this purpose.**

**After you read it, I believe you will want to share it with others.**

**It includes 63 Articles/Essays/Blogs from 2009-2019 in four categories:**

**Your Government at Work**

**Something to Think About**

**Mostly Just For Fun**

**Clowns, Criminals and Lunatics**

**Many of the chosen articles could have been listed in more than one category.**

**It finishes with a personal story.**

**Published just last week I have had limited feedback but it has all been positive and enthusiastic.**

**Please forgive this seeming "commercial" but it is my effort to share this with as many readers as possible. I think you will be pleased.**

**PLEASE NOTE FUTURE POSTINGS AND NEW ARTICLES WILL CONTINUE ON THIS SITE!**

**Thanks for your consideration.**
