

## **AS GOOD AS IT GETS**

**America, a country with a population of over 300 million. Is this the best we can be offered for the most important job in the country?**

**In this corner we have Hillary Clinton. A serial purveyor of untruth and the matron of the Clinton Crime Family. As Secretary of State Hillary left a trail of broken countries and disasters wherever she went. A legacy of fear and anguish among America's friends and hope and joy within the ranks of our nations foes. Her husband is a classic abuser of women, some willing and many unwilling (Jennifer Flowers, Juanita Broderick, Monica Lewinsky ad infinitum) and was disbarred from practicing law in Arkansas following a conviction for perjury.**

**In the opposite corner we have Donald, alias: P T Barnum - The Greatest Show on Earth - Trump. He who is going to build a 3,000 mile long wall that will rival the Great Wall of China on our Southern Border and let Mexico pay for it with a smile on their face.**

**Scenario One: The election is between Hillary and "The" Donald. Hillary gets 80% of the Democratic vote who hold their noses and vote for her. The other 20% don't vote. Donald gets the enthusiastic vote of 45% of the Republican vote. The rest stay home. Hillary wins. The country continues on the road to destruction.**

**Scenario Two: The Republicans run another "Establishment" candidate. 25% of Republicans vote for the Establishment candidate. The 45% who would have voted for "The Donald" write him in. The 30% who are sick of the whole thing stay home. Hillary gets 80% of the Democratic vote. Hillary wins. The country goes to hell in a handbasket.**

**Scenario Three: The Republicans run a "Conservative" candidate who gets 60% of the Republican vote. Half of the 40% who would have voted for Donald stay home and the other half write him in. The other 20% of Republicans (Establishment type) either stay home or sit in a corner somewhere and pout. Hillary gets 80% of the Democratic vote. Hillary wins. The Clinton's are resurrected as a co-presidency and re-invade the White House. Bill starts interviewing future "Interns".**

**The "New Regime" borrows a 100 Billion Dollars from George Soros at 30% interest. The proceeds of the loan are funneled through the Clinton Foundation who take a 10 Billion Dollar "Finders Fee" and the remainder is used to hire the Trump Corporation to build a wall on our southern border to keep the dwindling number of honest, working American taxpayers from fleeing and becoming**

**undocumented immigrants in Mexico.**

**Post Mortem: Hillary sells the exclusive television rights to her suddenly found "Lost Emails" to MSNBC for 100 Million Dollars.**

**Hillary wins. The Democrats win. The Donald wins. Mexico wins. "A Grand Slam".**

**Dateline: March 9, 2016**

**It appears as of this writing that of the Scenarios I spelled out on December 31, 2015 the most likely to come to pass is Scenario One. However it is just possible (call it an "inside straight" in Poker terminology) that another outcome might occur. Let's call it.....**

**Scenario Four: Hillary finds herself in an orange jump suit (finally) and goes to jail. The Republican Party continues its Kamikaze attacks against the "Trumpster", commits suicide and becomes a footnote in the dustbin of history. Our current President decides that for the good of the country he must cancel the upcoming election and with his pen and phone uses an Executive Order to declare himself "El Presidente For Life". America becomes a Banana Republic which drowns in a Tsunami of ever increasing public debt.**
