

## **CHRISTMAS – A THANK YOU FOR GIFTS AND BLESSINGS RECEIVED**

A bit of a change of pace from my usual postings. I was forwarded this and it is useful to remember the blessings we have received and too often take for granted while we are busy filling out our wish list for Santa and our list of complaints to God.

For too many people around the world, many of the things that we enjoy daily, without even a thought of thanks, are things they can only dream of. I share the following for reflection and thanks at this Christmas time. This is also a reminder for me to re-read from time to time. As you feel led, please share with others.
