

Criminal Enterprises

A STORY OF TWO ORGANIZATIONS

One is a ruthless, efficient, organized criminal enterprise.

The other is a ruthless, corrupt, inefficient, dysfunctional, poorly organized criminal enterprise that can't balance its own books.

One of these organizations is operated by professional criminals.

The other is comprised of a few good men and women. The other 98% are clowns, criminals and lunatics. Sort of Larry, Moe and Curly on steroids trying to be a well oiled criminal enterprise.

Which is which? Here is a hint. One of them is 19 Trillion Dollars in debt.

If you had a license to legally pick the pockets of everyone in America don't you think you could at least break even?

Meet your government. They "legally" tax your income, your property, most everything you buy, your phone, water, gas, electric, cable television, etc. etc. bill. They also attach fees and assessments to your property tax bill. They even charge sales tax on the "other taxes" on gasoline and many other items. As the comedian Gallagher once said "Everywhere you look they hang a bucket!"

Despite government's ability to rob us endlessly, they still run deficits, then tax us to pay the interest on the debt that they created. Talk about "creative accounting"!

Not to worry though. Soon we will be given the choice for a new "Dear Leader" to guide us further down the path of bloated government and overwhelming debt for our children and grandchildren which will have to be "paid for" with devalued and inflated dollars.

Looks like we will be able to choose between "Hillary" (if she can stay out of jail) or "The Donald". What could possibly go wrong?
