

## HAVE WE BECOME AN IDIOCRACY?

The following article is reprinted from the Babylon Bee, one of the best satirical sites on the web and in publication. The article is humorous, satirical, factual and I find it frightening as I think on it. My comments follow - Bob

First, the Babylon Bee article. It is indeed satirical and humorous. Enjoy!

### ARMS RACE HEATS UP: JUST AS CHINA REVEALS SPACE NUKES, AMERICA RESPONDS WITH TRANS ADMIRAL

Reprinted from the Babylon Bee.

WORLD—The arms race is heating up between the U.S. and China. Just last week, China revealed its brand new "space nukes", which are capable of easily nuking any country on the planet. The United States responded swiftly to the provocation by unveiling the world's first trans admiral.

"China, you've been warned," said Biden to a Chinese food delivery person he mistook for President Xi. "Our transgender admiral is fully armed and operational. If you cross us, we will unleash the full fire and fury of this deadly weapon upon you, make no mistake."

Military experts say that while a space nuke is somewhat impressive, it pales in comparison to the awesome power of diversity. "With Rachel Levine serving as admiral, nations around the world will bow before the terrifying might of our transgender empowerment," said General Milley. "We must pursue peace through strength. Strength of inclusivity."

Biden insisted that there is no weapon yet conceived that can top Admiral Levine and that he will gladly

accept China's preemptive surrender.

Admiral Levine was not available for comment as she was getting her prostate examined.

**Folks: What are we doing as a country?**

**The Chinese are indeed developing and placing space based nuclear weapons while at the same time casting hungry eyes on Taiwan and putting the pieces in place to make a move in that direction.**

**North Korea is again firing missiles into the sea off South Korea.**

**Russia is eyeing making a move on the Ukraine with no fear of the United States interfering with any such move.**

**America's former allies no longer trust the United States to keep its commitments, treaties and promises following the debacle of our sad, humiliating, poorly planed and botched withdrawal from Afghanistan under the sorry leadership of our Joint Chiefs of Staff and fumbling, bumbling Secretary of Defense. These folks are more focused on "diversity", "inclusivity" and destroying the former racial harmony in our military by imposing the culturally divisive poison of the flawed "Critical Race Theory" propaganda than they are on maintaining the worlds best military machine which they inherited. The worlds mightiest military is being converted into a "paper tiger".**

**In the process many of our best career military personnel are leaving the military under forced vaccination rules and other politically correct and required indoctrination.**

**To further divide us, our Secretary of State has reinstated the Obama legacy of a worldwide apology tour begging the United Nations to forgive us for all our misdeeds.**

**Our current attorney general is more interested in putting peaceful, unarmed protestors in prison while labeling parents who want a voice in school curriculum and speak up at School Board meetings as "Terrorists".**

**For the last 10 months our country has encouraged invasion by illegal migrants who are on arrival being put on planes and buses and relocated without documentation or papers to cities throughout the country who neither want them nor are equipped to deal with them.**

**There is a very large, and growing segment of our population who no longer trust our election system or the sanctity of the ballot box. I know I do not. Do you?**

**It goes on and on and on. Every day some new attack on our rights under the constitution.**

**It is becoming more and more obvious that our leaders are intentionally on a path to either destroy our country as it was founded or turn us into a second rate communist nation patterned after China, North Korea or Cuba. Otherwise their actions make no sense at all.**

**Are we becoming slaves to an Idiocracy or prisoners on a ship of fools?**
