

## **HILLARY'S BASKET OF DEPLORABLES?**

The following article was sent to me some months back. It made me angry, frustrated, depressed and kind of sick all at the same time. I just put it in a "file" and let it age. You may have seen it before and if you did you can just "skip" this one if you like.

I am reprinting it here without comment other than sharing my feeling that where can we turn for redress if the FBI, Justice Department and related agencies are all corrupt? The author is unknown by me but the facts are real and not in question.

\*\*\*\*\*

**Is there just a little corruption in DC? Read this. It explains all.**

From 2001 to 2005 there was an ongoing investigation into the Clinton Foundation. A Grand Jury had been empaneled. Governments from around the world had donated to the "Charity". Yet, from 2001 to 2003 none of those "Donations" to the Clinton Foundation were declared.

Hmmm, now you would think that an honest investigator would be able to figure this out.

Guess who took over this investigation in 2002? Bet you can't guess. No other than James Comey. Now, that's interesting, isn't it? Guess who was transferred in to the Internal Revenue Service to run the Tax Exemption Branch of the IRS? Your friend and mine, Lois "Be on The Look Out" (BOLO) Lerner. Now, that's interesting, isn't it?

It gets better, well not really, but this is all just a series of strange coincidences, right?

Guess who ran the Tax Division inside the Department of Injustice from 2001 to 2005? No other than the Assistant Attorney General of the United States, Rod Rosenstein. Now, that's interesting, isn't it? Guess who was the Director of the Federal Bureau of Investigation during this time frame??? I know, it's a miracle, just a coincidence, just an anomaly in statistics and chances: Robert Mueller.

What do all four casting characters have in common? They all were briefed and/or were front line investigators into the Clinton Foundation Investigation. Now that's just a coincidence, right? OK, lets chalk the last one up to mere chance.

Let's fast forward to 2009. James Comey leaves the Justice Department to go and cash-in at

Hillary Clinton is running the State Department, on her own personal email server by the way. The Uranium One “issue” comes to the attention of the Hillary. Like all good public servants do, you know looking out for America’s best interest, She decides to support the decision and approve the sale of 20% of US Uranium to no other than, the Russians.

Now you would think that this is a fairly straight up deal, except it wasn’t, the People got absolutely nothing out of it. However, prior to the sales approval, no other than Bill Clinton goes to Moscow, gets paid 500K for a one hour speech then meets with Vladimir Putin at his home for a few hours. Ok, no big deal right? Well, not so fast, the FBI had a mole inside the money laundering and bribery scheme.

Guess who was the FBI Director during this time frame? Yep, Robert Mueller. He even delivered a Uranium Sample to Moscow in 2009. Guess who was handling that case within the Justice Department out of the US Attorney’s Office in Maryland. No other than, Rod Rosenstein.

Guess what happened to the informant? Department of Justice placed a GAG order on him and threatened to lock him up if he spoke out about it. How does 20% of the most strategic asset of the United States of America end up in Russian hands when the FBI has an informant, a mole providing inside information to the FBI on the criminal enterprise?

Guess what happened soon after the sale was approved? ~145 million dollars in “donations” made their way into the Clinton Foundation from entities directly connected to the Uranium One deal. Guess who was still at the Internal Revenue Service working the Charitable Division? No other than, Lois Lerner.

Ok, that’s all just another series of coincidences, nothing to see here, right?

Let’s fast forward to 2015. Due to a series of tragic events in Benghazi and after the 9 “investigations” of the House, Senate and at State Department, Trey Gowdy who was running the 10th investigation as Chairman of the Select Committee on Benghazi discovers that the Hillary ran the State Department on an unclassified, unauthorized, outlaw personal email server. He also discovered that none of those emails had been turned over when she departed her “Public Service” as Secretary of State which was required by law. He also discovered that there was Top Secret information contained within her personally archived email. Sparing you the State Departments cover up, the nostrums they floated, the delay tactics that were employed and the outright lies that were spewed forth from the necks of the Kerry State Department, we shall leave it with this..... they did everything humanly possible to cover for Hillary.

Now this is amazing, guess who became FBI Director in 2013? Guess who secured 17 no bid contracts for his employer (Lockheed Martin) with the State Department and was rewarded with a six million dollar thank you present when he departed his employer. No other than James Comey. Amazing how all those no-bids just went right through at State, huh? Now he is the FBI Director in charge of the “Clinton Email Investigation” after of course his FBI Investigates the Lois Lerner “Matter” at the Internal Revenue Service and exonerates her. Nope couldn’t find any crimes there. Can you guess what happened next?

In April 2016, James Comey drafts an exoneration letter of Hillary Rodham Clinton, meanwhile the DOJ is handing out immunity deals like candy. They didn’t even convene a Grand Jury. Like a lightning bolt of statistical impossibility, like a miracle from God himself, like the true “Gangsta” Comey is, James steps out into the cameras of an awaiting press conference on July the 8th of

**2016, and exonerates the Hillary from any wrongdoing.**

**Can you see the pattern?**

**It goes on and on, Rosenstein becomes Asst. Attorney General, Comey gets fired based upon a letter by Rosenstein, Comey leaks government information to the press, Mueller is assigned to the Russian Investigation sham by Rosenstein to provide cover for decades of malfeasance within the FBI and DOJ and the story continues. As of this writing, the Clinton Foundation, in its 20+ years of operation of being the largest International Charity Fraud in the history of mankind, has never been audited by the Internal Revenue Service.**

**FISA Abuse, political espionage..... pick a crime, any crime, chances are..... this group and a few others did it.**

**All the same players. All compromised and conflicted. All working fervently to NOT go to jail themselves.**

**All connected in one way or another to the Clinton's. They are like battery acid, they corrode and corrupt everything they touch. How many lives have these two destroyed?**

**Let us not forget that Comey's brother works for DLA Piper, the law firm that does the Clinton Foundation's taxes.**
