

WHY IS THIS MAN IN PRISON?

I HAVE A QUESTION. WHY IS BERNIE MADOFF IN PRISON FOR 150 YEARS WHILE 537 BERNIE MADOFF WANABE'S ARE LIVING A LIFE OF LUXURY AND INDOLENCE AT THE TAXPAYERS EXPENSE IN OUR NATIONS CAPITOL?

Supposedly ole' Bernie is guilty of running an 80 Billion Dollar Ponzi scheme which bilked thousands of investors. In the meantime, 435 members of the House of Representatives, 100 memers of the Senate and 2 elected members of the Administration just scammed three hundred million Americans for another 2.4 Trillion Dollars to add to the 14.3 Trillion Dollar Ponzi scheme that is our nations National Debt.

After months of finger pointing, name calling and accusations they just pulled off another big one. Lets see, they add 2.4 Trillion to the debt while they promise to reduce deficit spending 21 Billion Dollars.

Folks, 21 Billion Dollars is equal to the amount of debt they will be adding to the deficit in the next five days!

Remember, our children and grandchildren will "inherit" the 16.7 Trillion Dollar Debt forever! That and whatever "our Representatives" continue to add to it !

And, there is no doubt this bunch will continue to add to the total. All so they can perpetuate themselves as power brokers in public office.

Lets see, they spend an additional 2.4 Trillion dollars over and above the amount they will take in and for that they promise to reduce deficit spending by 21 Billion. What are they planning on doing? Taking five spending days off in the next year? What a sacrifice! Heck of a deal!

Click on the following link for a "Casey At The Bat" spoof which I include just because its funny.... We have to remember to laugh at ourselves.... No offense intended....
